A bill to amend the 12th section of the 118th chapter Revised Code, was put on its second reading. (Provide that widows dissenting from their husbands' wills, may take of his personal estate as in cases of intestacy.) Mr. McKay opposed the passage of the bill. He thought it would encourage dissents from wills and consequent litigation, prejudicial alike to the widow and the children, as the costs would speedily absurb the personality in question. The women were a dissenting class any way, and the tendency of the bill would

be to faster the spirit of dissent, and fill the court house Mr. Hoke asked leave, after hearing the discussion, to take "the back track. He had thought at first that the bill would work injury to orphans. If it applied only to cases where there was but one child, he should withdraw is objection and accord it his support.

The bill passed its second and then its third reading under a suspension of the rules. Engrossed resolutions were received from the Senate, concerning the status of the present session of the General Assembly. These resolutions embodying the views of the minority of the Joint Committee raised on this subject and declare that the session of the General Assembly which began on the 27th day of November 1865, and terminated by adjournment on the 18th of December, 1865, constitutes one session of the General Assembly. They further declare the sitting of the General Assembly convened by proclamation of the Governor on the 18th of Jannary, 1866, constitutes also one session. They also provide that the present session shall close by adjournment on 3d of February, 1866, to meet again on the 5th day of February, 1866; and futher provides for continuing over and resuming, at the next session commencing on Mon-

CORN MEAL-Retails from the granaries at \$1 50@\$1 60

GRAIN.—The supply of Corn has become materially reduced, in consequence of the light receipts for some time past, and is barely sufficient for present demand.
